Daren Wride is an author, speaker, outdoorsman and expert in teamwork and personal development. He lives in Lake Country, British Columbia (just north of Kelowna) with his wife Kristin, and two teenage children, Nicholas and Danielle.

Daren has addressed audiences in fields as diverse as health care, law enforcement, farming, non profit, education, road maintenance and engineering.

Teambuilding Presentations

Daren's signature keynote, *The Power of a Team*, is an ideal conference opener or closer, as well as a strong luncheon or dinner speech for staff events. Depending on the requested length, this address answers questions such as:

- What are the traits of a healthy team?
- How can we diagnose or evaluate our team?
- How do we improve the level of trust on our team?
- What can we do to improve our team's communication?
- How can we motivate our team?

Highly entertaining, yet packed with practical content, this talk will give your team a common language to address team issues and raise the value placed on teamwork in your organization.

"At certain points during his presentation, I observed members of the audience who simply stopped eating in the middle of the meal and were paying rapt attention. Evaluations for his talk were excellent."

-Richard Rutherford, Director- Practice Management, American Urological Association

"Daren's talk on Friday evening set the tone for positive energy at our retreat that permeated the rest of our weekend."

-Ken Guido, P. Eng. President, Empac Engineering

If you are looking for a workshop style presentation, Daren also offers half day seminars that expand upon the issues touched on in *The Power of a Team*.

The workshop includes:

- Team Definition and Evaluation
- Team Trust
- Team Communication
- Team Motivation

Please note that each of these topics can also be presented as a focused keynote address.

Finally, if you want to provide the members of your team with a personal development opportunity, Daren's *Release* keynote or half day workshop will help individuals learn from their life experiences, gain clarity about where they want to go, and equip them to take strategic action today. These presentations are based on the life planning/life balance system Daren has developed, which is communicated in his book *Release: a Wilderness Adventure of the Soul*.

To access Daren's Team Building Tips email series, go to www.ThePowerOfaTeam.com and fill out the subscription form. For more information on *Release*, go to the same page and click on the *Release* tab.
